GOVERNOR HASLAM, COMMISSIONER HAGERTY ANNOUNCE FEDERAL-MOGUL TO EXPAND CURRENT OPERATIONS IN RUTHERFORD COUNTY  
Automotive Original Parts Manufacturer to Invest $6.2 Million, Create 135 New Jobs

NASHVILLE—Tennessee Gov. Bill Haslam and Economic and Community Development Commissioner Bill Hagerty along with Federal-Mogul officials announced today the company will invest $6.2 million to expand its current distribution facility in Smyrna, Tennessee and create 135 new jobs in Rutherford County.

“We are thankful for Federal-Mogul and their continued investment in our state and the new jobs they are creating in Middle Tennessee,” Haslam said. “When companies like Federal-Mogul choose to reinvest here, it speaks volumes about our workforce and the quality of Tennessee-made products, and today’s announcement is another step toward our goal of becoming the No. 1 location in the Southeast for high quality jobs.”

“Tennessee continues to set itself apart as a global leader in the automotive industry,” Hagerty said. “Major automotive manufacturers like Nissan, Volkswagen and General Motors support a robust pipeline of more than 900 automotive manufacturers and suppliers located throughout our state. I am pleased Federal-Mogul will continue to be a part of why Tennessee has been named the No. 1 state in the nation for automotive manufacturing strength an unprecedented four years in a row, and I appreciate the new jobs they are creating in our communities.”

“Federal-Mogul is pleased to continue investing in Smyrna,” Paula Silver, Federal-Mogul’s vice president of Corporate Communications and Investor Relations, said. “We have a dedicated and hard-working team here that takes pride in distributing high quality products for our customers. We are excited to grow our Smyrna operations and create more job opportunities.”

Federal-Mogul is expanding its existing Worldwide Aftermarket Distribution Center in Smyrna, due to the recent purchase of part of Affinia’s product line. Affinia is a leader in the manufacturing and distribution of automotive replacement products.
As part of this expansion, Federal-Mogul will increase its Smyrna footprint from 600,000 square feet to 800,000 square feet. This larger warehouse and distribution capacity will allow the facility to become more productive.

“Today's announcement of 135 new jobs by Federal-Mogul is great news for the Town of Smyrna and Rutherford County,” Smyrna Mayor Mary Esther Reed said. “The Town of Smyrna continues to experience positive job growth and we thank Federal-Mogul for their confidence in our community for this additional investment.”

Federal-Mogul Holdings Corporation is a leading global supplier of products and services to the world's manufacturers and servicers of vehicles and equipment in the automotive, light, medium and heavy-duty commercial, marine, rail, aerospace, power generation and industrial markets. The company's products and services enable improved fuel economy, reduced emissions and enhanced vehicle safety.

“TVA and Middle Tennessee Electric congratulate Federal-Mogul on its announcement to expand in Smyrna, Tennessee,” TVA Senior Vice President of Economic Development John Bradley said. “We are pleased to partner with the state of Tennessee, Rutherford County Chamber of Commerce, and city and county officials to assist Federal-Mogul’s additional investment to create new jobs.”

In addition to its Smyrna location, Federal-Mogul has operations in Smithville and Sparta, Tennessee. In total, approximately 1,000 people are employed at Federal-Mogul's three Tennessee locations.

People interested in applying for these new jobs in Smyrna should contact Missy Rogers, human resources manager, at Missy.Rogers@federalmogul.com.
