**Data Elements:**

This report should be designed so that the user can select a period (periods 1-9) or select annual (reports as of last day in school year) or by a specific date. Only students actively enrolled on the end date or the date selected should be counted on this report.

**Data Elements:**

1. Not used
2. The name of the school within the district.
3. The number of the district.
4. The number of the school within the district.
5. The report period for the report.
6. The name of the individual who completed the report.
7. The telephone number of the individual who completed the report.
8. This section of the report is for students who were actively enrolled on last day of the report and whose gender is male only.
9. This is the total number of students who claim to be Hispanic for the grade designated.
10. This is the total number of students who claim to be Non-Hispanic for the grade designated and only have White as their race.
11. This is the total number of students who claim to be Non-Hispanic for the grade designated and only have Black as their race.
12. This is the total number of students who claim to be Non-Hispanic for the grade designated and only have Asian as their race.
13. This is the total number of students who claim to be Non-Hispanic for the grade designated and only have American Indian as their race.
14. This is the total number of students who claim to be Non-Hispanic for the grade designated and only have Pacific Islander as their race.
15. This is the total number of students who claim to be Non-Hispanic for the grade designated and only have two or more races designated as their race.
16. This is the total for items 9 – 15.
17. This section of the report is for students who were actively enrolled on last day of the report and whose gender is female only. The data is the same as above except it is reporting females.
18. This section of the report is for total students who were actively enrolled on last day of the report (both males and females) as reported above.

**Note:**

Grade “N” has been removed from the report. Grade “N” were Special Education students with a primary option of 7, 8, or 9. They are now to be counted in their normal grade. This change does not apply to all reports, any report to have Grade “N” removed will be so noted in that reports instructions.
