As you know, in 2011-12 the Extended Contract program will be funded another year with state funds. You may download the proposal material at <http://www.tennessee.gov/education/schapproval/index.shtml>

Important announcement for the 2010-2011 Extended Contract (ARRA) program year:

- The Office of Local Finance will process the final Extended Contract (ARRA) payment of school year 2010-2011 in mid September. We are encouraging you to expend all funds associated with the 2010-2011 ARRA funding by the end of the program year, August 31. There will be no Extended Contract (ARRA) carryover balance for 2011-2012.

All activities must serve the purpose of providing quality extended learning time through carefully designed extended learning programs that place emphasis on remedial support for students.

Base allocation and benefits for the 2011-2012 fiscal year have been included for program planning. Please examine your programs to make sure they address the most crucial needs in your system.

As always, do not hesitate to contact the department if you have any questions.
