Zip:	37243-1531		
Hearing Date :	04/04/11		
Hearing Time:	9:30 AM	<input checked="" type="checkbox"/> CST	<input type="checkbox"/> EST

Additional Hearing Information:

There will be a public hearing before the Technical Secretary of the Tennessee Air Pollution Control Board to consider the promulgation of amendments to the Tennessee Air Pollution Control Regulations and the State Implementation Plan pursuant to Tennessee Code Annotated, Section 68-201-105. The comments received at this hearing will be presented to the Tennessee Air Pollution Control Board for their consideration in regards to the proposed regulatory amendments. The hearing will be conducted in the manner prescribed by the Uniform Administrative Procedures Act, T.C.A. § 4-5-201 et seq.

Anyone desiring to make oral comments at this public hearing is requested to prepare a written copy of their comments to be submitted to the hearing officer at the public hearing. Written comments not submitted at the public hearing will be included in the hearing record only if received by the close of business on Monday, April 4, 2011, at the office of the Technical Secretary, Tennessee Air Pollution Control Board, 9th Floor, L & C Annex, 401 Church Street, Nashville, TN 37243-1531.

The Tennessee Air Pollution Control Regulations are proposed to be amended by revising the requirements for major New Source Review and revising the requirements for major source operating permits in order to provide a method by which the chapter 1200-03-09 provisions adopted in accordance with the federal Greenhouse Gas Tailoring Rule and which were effective February 8, 2011, will no longer apply in the event that the U.S. Court of Appeals for the D.C. Circuit or the U.S. Supreme Court issues an order which would render GHG emissions not subject to regulation under the Prevention of Significant Deterioration, New Source Review provisions or the Title V operating permit program of the Federal Act; or there is a change to Federal law that supersedes regulation of GHGs under the Prevention of Significant Deterioration, New Source Review provisions or the Title V operating permit program of the Federal Act, then GHGs shall not be subject to regulation, nor shall GHG emissions be required to be included in any construction or operating permit under this regulation 1200-03, as of the effective date of the change in Federal law. If you have any questions about the origination of this rule change, you may contact Ms. Lacey Hardin at (615) 532-0545.

Revisions considered at this hearing may be adopted by the Tennessee Air Pollution Control Board under T.C.A. 68-201-105, the Board general authority to promulgate rules. The changes proposed below may be revised based on comments received from the public, the regulated community, and any other affected entities. The Tennessee Air Pollution Control Board will consider all comments and set the fee appropriately.

Materials concerning the proposed actions will be available at <http://tn.gov/environment/apc/ppo/> and also for public inspection during normal working hours starting on Tuesday, March 1, 2011, at the following locations:

c/o Mr. Richard Schutt, Chief

All persons interested in the air quality of the State of Tennessee are urged to attend and will be afforded the opportunity to present testimony to the hearing officer regarding the proposed additions and/or revisions to the State Implementation Plan.

Revision Type (check all that apply):

- Amendment
- New
- Repeal

Rule(s) (ALL chapters and rules contained in filing must be listed here. If needed, copy and paste additional tables. Please enter only **ONE** Rule Number/RuleTitle per row.)

Chapter Number	Chapter Title
1200-03-09	Construction and Operating Permits
Rule Number	Rule Title
1200-03-09-.01	Construction Permits
1200-03-09-.02	Operating Permits

(Place substance of rules and other info here. Statutory authority must be given for each rule change. For information on formatting rules go to <http://tn.gov/sos/rules/1360/1360.htm>)

Chapter 1200-03-09
Construction and Operating Permits

Amendments in redline form

Subpart (i) of part 46 of subparagraph (b) of paragraph (4) of rule 1200-03-09-.01 Construction Permits is amended by adding two new items (I) and (II) as follows:

- (I) In the event that the U.S. Court of Appeals for the D.C. Circuit or the U.S. Supreme Court issues an order which would render GHG emissions not subject to regulation under the Prevention of Significant Deterioration, New Source Review provisions and/or the Title V operating permit program of the Federal Act, then GHGs shall not be subject to regulation, nor shall GHG emissions be required to be included in any construction or operating permit under this regulation 1200-3, as of the effective date of the Federal Register notice of vacatur.
- (II) In the event that there is a change to Federal law that supersedes regulation of GHGs under the Prevention of Significant Deterioration, New Source Review provisions and/or the Title V operating permit program of the Federal Act, then GHGs shall not be subject to regulation, nor shall GHG emissions be required to be included in any construction or operating permit under this regulation 1200-3, as of the effective date of the change in Federal law.

Part 32 of subparagraph (b) of paragraph (11) of rule 1200-03-09-.02 Operating Permits is amended by adding two new subparts (iii) and (iv) as follows:

- (iii) In the event that the U.S. Court of Appeals for the D.C. Circuit or the U.S. Supreme Court issues an order which would render GHG emissions not subject to regulation under the Prevention of Significant Deterioration, New Source Review provisions and/or the Title V operating permit program of the Federal Act, then GHGs shall not be subject to regulation, nor shall GHG emissions be required to be included in any construction or operating permit under this regulation 1200-3, as of the effective date of the Federal Register notice of vacatur.
- (iv) In the event that there is a change to Federal law that supersedes regulation of GHGs under the Prevention of Significant Deterioration, New Source Review provisions and/or the Title V operating permit program of the Federal Act, then GHGs shall not be subject to regulation, nor shall GHG emissions be required to be included in any construction or operating permit under this regulation 1200-3, as of the effective date of the change in Federal law.

Authority: T.C.A. §§68-201-101 et seq. and 4-5-201 et seq.

I certify that the information included in this filing is an accurate and complete representation of the intent and scope of rulemaking proposed by the agency.
