

PUBLIC NOTICE

Tennessee Valley Authority Bull Run Fossil Plant, has applied to the Tennessee Air Pollution Control Division (TAPCD) for a [significant modification to a major source operating permit](#) subject to the provisions of paragraph 1200-03-09-.02(11) of the Tennessee Air Pollution Control Regulations (TAPCR). The Division of Air Pollution Control, Tennessee Department of Environment and Conservation, is reopening a Title V operating permit issued to Tennessee Valley Authority Bull Run Fossil Plant, subject to the provisions of paragraph 1200-03-09-.02(11) of the Tennessee Air Pollution Control Regulations (TAPCD). A major source (Title V) operating permit is required by both the Federal Clean Air Act and the Tennessee Air Pollution Control Regulations. The Title V operating permit is identified as follows:

Tennessee Valley Authority Bull Run Fossil Plant, has applied to the Tennessee Air Pollution Control Division (TAPCD) for a significant modification to a major source operating permit 556854 subject to the provisions of paragraph 1200-03-09-.02(11) of the Tennessee Air Pollution Control Regulations (also frequently referred to as Title V regulations). They seek to obtain a significant modification to a major source operating permit for a modification at their ash handling process. The existing Title V operating permit subject to the modification is identified as follows: Division identification number 01-0009/556854. The process emission source affected by the modification is identified as follows: 01-0009-06 Dry Fly Ash Handling System. This significant modification is conducted pursuant to subpart 1200-03-09-.02(11)(f).5(iv) of the Tennessee Air Pollution Control Regulations. Only the portion of the Title V permit affected by the significant modification is open to comment during the notice period.

EPA has agreed to treat this draft Part 70 permit as a proposed Part 70 permit and to perform its 45-day review provided by the law concurrently with the public notice period. If any substantive comments are received, EPA's 45-day review period will cease to be performed concurrently with the public notice period. EPA's 45-day review period will start once the public notice period has been completed and EPA receives notification from the Tennessee Air Pollution Control Division that comments have been received and resolved. Whether EPA's 45-day review period is performed concurrently with the public comment period or after the public comment period has ended, the deadline for citizen's petitions to the EPA Administrator will be determined as if EPA's 45-day review period is performed after the public comment period has ended (*i.e.*, sequentially). The status regarding EPA's 45-day review of this permit and the deadline for submitting a citizen's petition can be found at the following website address:
