

PUBLIC NOTICE

Weir Minerals Linatex has applied to the Tennessee Air Pollution Control Division (TAPCD) for a [federally enforceable state operating permit](#) to opt out of being subject to the provisions of paragraph 1200-3-9-.02(11) of the Tennessee Air Pollution Control Regulations (also frequently referred to as Title V regulations). Weir Minerals Linatex has agreed to be bound by a permit that limits their potential to emit Hazardous Air Pollutants (HAP) such that they are below the applicability thresholds of for a single HAP of 10 tons per year and for a combination of HAPS of 25 tons per year. Weir Minerals Linatex has agreed to use record keeping methods to prove that they are abiding by more restrictive emission limits.

The applicant is Weir Minerals Linatex with a site address of 1550 Airport Road, Gallatin, TN 37066. They seek to obtain an operating permit for the metal and surface coating operations involving high volume, low-pressure spray guns and hand applied adhesive. However, it should be noted that this facility has a current state construction permit.

The TAPCD has made the determination that this facility can be approved to opt out of being subject to Title V regulations if certain conditions are met. A copy of the materials used by the TAPCD in making this determination and a copy of the draft permit are available for public inspection during normal business hours at the following locations:

Tennessee Department of Environment and Conservation
Division of Air Pollution Control
9th Floor, L & C Annex
401 Church Street
Nashville, TN 37243-1531

Edward Ward Carmack - Sumner County Public Library
658 Hartsville Pike
Gallatin, TN 37066-2509

Also, if you require a copy of the draft permit it is available electronically by accessing the TDEC internet site located at:

<http://www.tn.gov/environment/apc/ppo/>

Interested parties are invited to review these materials and comment. In addition, a public hearing may be requested at which written or oral presentations may be made. To be considered, written comments or requests for a public hearing must be made within thirty (30) days of the date of this notice and should be addressed to **Mr. Barry Stephens, Director, Air Pollution Control Division, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531**. Questions concerning the source may be addressed to Doug Wright at the same address or by calling 1-888-891-8332 or (615)-532-0583. A final determination will be made after weighing all relevant comments.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or service. Contact the Tennessee Department of Environment and

Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.
