Continuing education seminars offered by the Fleming Training Center are designed to provide certified operators with opportunities to meet the continuing education provision of Tennessee's Rules governing operator certification. Each C.E. Seminar is approved for 6 hours continuing education for all grades. If an operators needs to complete 12 hours continuing education for his or her class and grade certificate(s) and wishes to fulfill all these hourly requirements by attending only FTC 6-hour courses, one (1) "Day One" activity and one (1) "Day Two" activity must be completed.

Exact locations will be emailed to attendees with confirmation. Enrollment may be limited by the size of the facility and is on a first-come, first-available basis.

## COURSE CATALOG

Need a thorough description of a class, including a list of topics? Want to know if a class is approved for continuing education or operator experience credit? Check out our updated Course Catalog online at [www.tn.gov/environment/fleming/](http://www.tn.gov/environment/fleming/).
