---

Welcome to the Tennessee Wildlife Resources Agency's online big game reporting system. Tennessee hunters are now able to check-in their deer and turkey over the internet. This service is provided free-of-charge and is designed to give hunters another option for checking in their big game animals. Although we have made this new system as user-friendly as possible, there may be questions that arise. Should you have problems with this online system, please contact the Wildlife Division at: (615) 781-6621 for assistance.

To begin, simply click on the "Start" button below. Upon completing the check-in process, please be sure to print out the final Transaction Page. This will serve as proof of your harvest and provide you with your next temporary kill tag.

Thank you for your participation and good luck on your next big game hunt!

**Youths under the age of 13 must have a valid TWRA ID# or SSN to use this service.**
