

NOC, 24x7 Wireless Kelsey Smith Act, and Telematics Contact List

The following is contact information for Wireless Carriers (CMRS) for the purposes of obtaining location services when deemed necessary by law enforcement and in compliance with the Kelsey Smith Act (Tenn. Code Ann. § 38-1-601, et. Seq.).

The Kelsey Smith Act was put in place to require mobile or Internet voice service providers to disclose the call location information of a device when requested by an investigative or law enforcement officer. This information is to be provided when there is question about a device that is: **1) used to place a 911 call, or 2) reasonably believed to be in the possession of an individual in an emergency situation that involves risk of death or serious physical harm.**

If you discover an error with information on this list, please notify the TECB Director of Technology at 615-210-3807.

NG911 NOC Contact

Inquiries and reports of network related problems (misrouted calls, service interruptions, etc.) should be directed to the Comtech NOC at 800-959-3749 Opt 2.
