Residential contractor licenses, those issued after January 1, 2009, will be required to show proof of eight (8) of RCE hours, from an approved RCE provider, with their contractor's license renewal, starting with contractors expiring on or after January 31, 2022. The law requires renewals to be filed **30 days prior to their expiration date** to allow time for processing and prevent contracting while expired. An individual designated as a residential Qualifying Agent (QA) is responsible for attaining RCE on behalf of the licensed entity. For contractors with multiple residential QA's, only one (1) individual is required to obtain RCE to fulfill the RCE license renewal requirements. For more information on the RCE requirements with the law and rules, go to: <https://www.tn.gov/content/dam/tn/commerce/documents/regboards/contractors/posts/FAQs-RCE-2020.pdf>
