RFP SECTION	PAGE #	QUESTION / COMMENT	STATE RESPONSE
		The RFI statement of purpose indicates the objective is to assist in identifying relevant suppliers and cost ranges in the market. Are you looking for a partner to help research and identify potential bar code solutions that would meet TDOT's needs or are you sending this directly to potential suppliers?	The Department of Transportation is not currently looking for a partner to research or identify solutions. However, TDOT is looking for basic market information to supplement a business case that is currently being developed. If the Department decides to move forward with this initiative, a follow-up RFI will likely be issued to specifically address functional requirements for a future RFP.
		Please describe the aspects of fleet management that the solution must address (e.g. inventory management, asset project assignment, utilization, etc.)	All areas mentioned in the question are intended to be covered if the initiative is pursued.

		<p>The RFI mentions integrating with PeopleSoft, are there other systems with which the new solution must interact such as TDOT's Pavement Management System (PMS) and/or Bridge Management System (BMS)? If so, are these systems proprietary or are they built upon an ERP package? If an ERP package, please identify the package.</p>	<p>This need will not include, or interact with, any systems other than our stated ERP system, to our current knowledge.</p>
		<p>Will the barcode scanning of assets will be posted on the State's Edison Portal?</p>	<p>It will not but posted into the Edison Interface. It is however located on the CPO website and can be found with any Amendments using this hyperlink.:  <a href="https://www.tn.gov/content/dam/tn/generalservices/documents/cpo/rfi-updates/40100-26800/RFI%20Consumable%20Inventory.pdf">https://www.tn.gov/content/dam/tn/generalservices/documents/cpo/rfi-updates/40100-26800/RFI%20Consumable%20Inventory.pdf</a></p>

3. **Delete RFI # 40100-26800, in its entirety, and replace it with RFI # 40100-27100, Release # One, attached to this amendment.** Revisions of the original RFP document are emphasized within the new release.
4. **RFP Amendment Effective Date.** The revisions set forth herein shall be effective upon release. All other terms and conditions of this RFP not expressly amended herein shall remain in full force and effect.
