August 2, 2021

Service Providers:

The State of Tennessee has issued a solicitation requesting proposals to provide service to the state. Your organization may be interested in responding. Please note the following solicitation highlights.

ID #	34360-83421 Medical Claims Clearinghouse
Scope of Service	<p>The State seeks to secure a contract for medical and dental claims clearinghouse services to securely and electronically transmit claims to insurance companies and to electronically verify patient insurance coverage and eligibility. Electronic transmission of claims to insurance companies will allow the State to maintain and improve the revenue cycle by providing a centralized method for claims submission and eliminating the need for generating paper claims to be submitted through mail. The purpose of this RFP is to secure services for:</p> <ul style="list-style-type: none"> • Electronic transmission of claims to insurance companies for health care services rendered to patients treated in county health departments operated by the State; • Electronic eligibility verification of patient insurance coverage; and • Reviewing and filtering the claims against established claim edits to identify any claims errors and provide a means to correct the claim before the claim is submitted to the insurance company. This reduces the number of rejected/denied claims and claims returned for additional information, thereby reducing the days in accounts receivable and improving cash flow.
