a. INTRODUCTION

The State of Tennessee, Central Procurement Office, Department of Finance and Administration, Division of Benefits Administration hereinafter referred to as “the State,” issues this Request for Qualifications (“RFQ”) to define mandatory goods or services requirements; solicit responses; detail response requirements; and, outline the State’s process for evaluating responses.

Through this RFQ or any subsequent solicitation, the State seeks to buy the requested goods or services at the most favorable, competitive prices and to give ALL qualified respondents, including those that are owned by minorities, women, service-disabled veterans, persons with disabilities, and small business enterprises, the opportunity to do business with the state as contractors or subcontractors.

1.1. Statement of Procurement Purpose

The State is seeking to secure qualified professional services to provide employee benefits consulting, actuarial, auditing, and Other Post Employment Benefit (OPEB) valuation services for the State Group Insurance Program on behalf of the State, Local Education, and Local Government Insurance Committees.

This procurement is intended to provide information necessary for the State, Local Education, and Local Government Insurance Committees to make decisions as to the funding and operation of the state-administered plans including, but not limited to, review and fiscal analysis of proposed premiums, benefit designs, vendor procurements, and legislation and review of proposed accounting standards and other operational issues. In addition, this procurement is to provide services that increase transparency of transactions through auditing services.

In addition, this procurement is intended to provide information necessary for the State of Tennessee and other participating employers to adhere to the financial reporting and disclosure requirements of the Governmental Accounting Standards Board Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, and Statement No. 75 Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions. This procurement is also intended to provide the State with information necessary in evaluating funding for certain OPEB plans. Further, at the State’s request, the Respondent may provide other actuarial services relative to OPEB. Such services may include actuarial validation or proposed methods for addressing the OPEB liability and technical assistance and analysis, either orally or written, in connection with miscellaneous concerns and questions relative to OPEB.

Following is a description of those plans and their respective participants.

STATE GROUP INSURANCE PROGRAM

The State Group Insurance Plan provides medical coverage to approximately 141,700 State and Higher Education employees, retirees under age 65 and their eligible dependents through self-funded Preferred Provider Plans (PPOs) and a Health Savings Account (HSA) eligible Consumer Driven Health Plan (CDHP). Additional benefits include: a carved-out pharmacy benefit; employee assistance program (EAP); Behavioral Health and Substance Abuse services; and a population health and wellness component of the Plan. Eligible state and higher education employees are also provided basic term life insurance and accidental death and dismemberment coverage. It is anticipated that medical, pharmaceutical and behavioral health claims paid for the State Plan will exceed \$1 billion during calendar year 2023. The State also offers an on-site employee health clinic to state and higher education employees.

Several employee-pay-all coverage options are available. These include Optional Term Life Insurance; a prepaid dental plan; a preferred dental organization plan; a vision plan; and short term and long-term disability plans.

During fiscal year 2019, the State established the irrevocable OPEB Trust in accordance with Title 8, Chapter 27, Section 802, *Tennessee Code Annotated*. The trust was established for the sole purpose of providing for the advance funding of OPEB benefits accrued by employees of the State or authorized employees of local education agencies, as determined by the trustees of the OPEB Trust. Currently, the OPEB Trust is limited to the accrued OPEB benefits for eligible pre-65 retired employees of the State and certain component unit employers participating in the State Group Insurance Plan. It is intended that the OPEB Trust will constitute a qualified trust according to the standards set forth in GASB Statement No. 74. The OPEB Trust is a fiduciary component unit of the State.

The Local Education Group Insurance Plan is a financially separate, self-funded program, which offers similar health benefits as the State Plan, to the eligible employees and retirees of over 100 local education agencies. Current enrollment is approximately 114,000 employees/retirees. The majority of employees are teachers but employees also include administrators, cafeteria workers, maintenance and other support personnel. It is anticipated that medical claims for this group will approximate \$699.8 million during calendar year 2023. In addition to health insurance coverage, Local Education Agencies are provided access to the two optional dental plans as well as vision coverage. Currently, there are 121 local education agencies participating in the plan.

The Local Government Group Insurance Plan is also a financially separate, self-funded program, available to employees of over 360 local governments or quasi-governmental entities in Tennessee who elect to secure health insurance coverage through this plan. The health benefits and their administrators are identical to those under Local Education Plan. There are approximately 26,400 members enrolled in the plan. Medical claims payments for this plan in calendar year 2023 are projected to be approximately \$189 million. In addition to health insurance coverage, Local Government Agencies are provided access to the two optional dental plans and vision coverage. Currently, there are 367 local government agencies participating in the plan.

The Tennessee Plan is a supplemental insurance for those retirees on Medicare. This coverage is available to state, higher education, local education and local government retirees who are eligible for Medicare Part A and are receiving a monthly retirement allowance from the Tennessee Consolidated Retirement System (TCRS) or a higher education optional retirement plan. The plan is self-insured and is currently provided to approximately 46,400 individuals who have elected to participate in the plan. The State provides a fixed contribution amount for the payment of premiums (based on length of service) for retired state and higher education employees, as well as instructional personnel formerly employed by a Local Education Agency. Calendar year 2023 claims payments for this plan are estimated to be approximately \$83.5 million.

- 1.6.5.** Notwithstanding any State approval relating to subcontracts, the Contractor resulting from this RFQ will be the prime contractor and will be responsible for all work under the Contract.

1.7. Next Ranked Respondent

The State reserves the right to initiate negotiations with the next ranked respondent should the State cease doing business with any respondent selected via this RFQ process.

2. PROCUREMENT PROCESS & CONTRACT AWARD

- The complete vendor selection will be a two-part process: (1) Qualification of Technical Responses; and (2) Review of Cost Proposal.
- Qualification of Technical Responses: Technical Responses will be short-listed for further evaluation, analysis or negotiation if they are apparently responsive, responsible, and within the competitive range (“Competitive Range”). A Technical Response will be deemed within the Competitive Range based on the following criterion:

For the purpose of this procurement, the competitive range will be considered the single best evaluated proposer.

Phase I: The State will evaluate the Mandatory Requirements set forth in RFQ Attachment A on a pass/fail basis.

Phase II: Following the Phase I evaluation, the State will apply a standard equitable evaluation model, which will represent a qualitative assessment of each response. Each response will be scored by Evaluation Team members according to the Technical Response & Evaluation Guides (See RFQ Attachments B & C).

The Solicitation Coordinator will total the average score from the evaluation team for each responsive and responsible Respondent’s Technical Response Points for RFQ Attachments B & C to determine which of the Respondents are considered Qualified and within the Competitive range.

5.2.1. The Solicitation Coordinator will invite each apparently responsive and responsible Respondent who passed the Phase 1 evaluation to make an Oral Presentation.

5.2.1.1. The Oral Presentations are mandatory. The Solicitation Coordinator will schedule Respondent Presentations during the period indicated by the RFQ Section 2, Schedule of Events. The Solicitation Coordinator will make every effort to accommodate each Respondent’s schedules. When the Respondent Presentation schedule has been determined, the Solicitation Coordinator will contact Respondents with the relevant information as indicated by RFQ Section 2, Schedule of Events.

5.2.1.2. Respondent Presentations are only open to the invited Respondent, Proposal Evaluation Team members, the Solicitation Coordinator, and any technical consultants who are selected by the State to provide assistance to the Proposal Evaluation Team.

5.2.1.3. Oral Presentations provide an opportunity for Respondents to explain and clarify their responses and for the State to test to better understand the practical application of the good or service as applicable. Respondents must not materially alter their responses and Presentations will be limited to addressing the items detailed in RFQ Technical Response & Evaluation Guide. Respondent pricing shall not be discussed or provided during Oral Presentations.

5.2.1.4. The State will maintain an accurate record of each Respondent’s Oral Presentation session. The record of the Respondent’s Oral Presentation shall be available for review when the State opens the procurement files for public inspection.

5.2.1.5.5. Proposal Evaluation Team members will independently evaluate each Oral Presentation in accordance with the RFQ Attachment C., Technical Response & Evaluation Guide.

5.2.1.5.6. The Solicitation Coordinator will calculate and document the average of the Proposal Evaluation Team member scores for RFQ Attachment C., Technical Response & Evaluation Guide, and record that number as the score for Respondent's Technical Response section.

- Cost Proposals: If cost is included for this solicitation, then Cost Proposals will be opened for the highest evaluated Respondent. If the Cost Proposal is not acceptable to the State and the Respondent, then the State will open the Cost Proposal for the next apparent highest evaluated Respondent. See RFQ Attachment D, Cost Proposal.
- Clarifications and Negotiations: The State reserves the right to award a contract on the basis of initial responses received; therefore, each response should contain the respondent's best terms from a technical and cost standpoint. However, the State reserves the right to conduct clarifications or negotiations with respondents. All communications, clarifications, and negotiations shall be conducted in a manner that supports fairness in response improvement.
 - Clarifications: The State may identify areas of a response that may require further clarification or areas in which it is apparent that there may have been miscommunications or misunderstandings as to the State's specifications or requirements. The State may seek to clarify those issues identified during one or multiple clarification round(s). Each clarification sought by the State may be unique to an individual respondent.
 - Negotiations: The State may elect to negotiate with Qualified Respondents, within the competitive range, by requesting revised responses, negotiating costs, or finalizing contract terms and conditions. The State reserves the right to conduct multiple negotiation rounds.

5.4.2.1. Cost Negotiations: All responsive respondents within the competitive range will be given equivalent information with respect to cost negotiations. All cost negotiations will be documented for the procurement file. Additionally, the State may conduct target pricing and other goods or services level negotiations. Target pricing may be based on considerations such as current pricing, market considerations, benchmarks, budget availability, or other methods that do not reveal individual respondent pricing. During target price negotiations, respondents are not obligated to meet or beat target prices, but will not be allowed to increase prices.

1. If the State determines costs and contract finalization discussions and negotiations are not productive, the State reserves the right to bypass the apparent best evaluated Respondent and enter into contract negotiations with the next apparent best evaluated Respondent.

(2) Evaluation Guide

The State will consider qualifications, experience, technical approach, and cost (if applicable) in the evaluation of responses and award points in each of the categories detailed below. The maximum evaluation points possible for each category are detailed below.

| Evaluation Category | Maximum Points Possible |
|---|-------------------------|
| Mandatory Requirements (refer to RFQ Attachment A) | Pass/Fail |
| General Qualifications, Experience, Technical Qualifications, Experience & Approach (refer to RFQ Attachment B) | 10 |
| Technical Qualifications, Experience & Approach (refer to RFQ Attachment C) | 75 |

(3) Contract Award

- 5.6.1. The Solicitation Coordinator will submit the Evaluation Team determinations and response scores to the head of the contracting agency, or the agency head's designee, for consideration along with any other relevant information that might be available and pertinent to contract award.
- 5.6.2. Benefits Administration's executive director will determine the apparent best-evaluated response. (To effect a contract award to a Respondent other than the one receiving the highest evaluation score, the head of the contracting agency must provide written justification and obtain written approval of the Chief Procurement Officer and the Comptroller of the Treasury.)
- 5.6.3. Benefits Administration will present the apparent best-evaluated Response recommendation before the State, Local Education, and Local Government Insurance Committees, as applicable, for approval to enter into a contract with the best-evaluated Respondent.
- 5.6.4. The State reserves the right to make an award without further discussion of any response.
- 5.6.5. The State will issue an Evaluation Notice and make the RFQ files available for public inspection at the time and date specified in the RFQ §2, Schedule of Events.

NOTICE: The Evaluation Notice shall not create rights, interests, or claims of entitlement in either the Respondent identified as the apparent best evaluated or any other Respondent.

- 5.6.6. The Respondent identified as offering the apparent best-evaluated must sign a contract drawn by the State pursuant to this RFQ. The contract shall be substantially the same as the RFQ Attachment G, pro forma contract. The Respondent must sign said contract no later than the Respondent Contract Signature Deadline detailed in RFQ § 2, Schedule of Events. If the Respondent fails to provide the signed contract by the deadline, the State may determine the Respondent is non-responsive to this RFQ and reject the response.
- 5.6.7. Notwithstanding the foregoing, the State may, at its sole discretion, entertain limited negotiation prior to contract signing and, as a result, revise the pro forma contract terms and conditions or performance requirements in the State's best interests, PROVIDED THAT such revision of terms and conditions or performance requirements shall NOT materially affect the basis of response evaluation or negatively impact the competitive nature of the RFQ and contractor selection process.
- 5.6.8. If the State determines that a response is nonresponsive and rejects it, the Solicitation Coordinator will re-calculate scores to determine (or re-determine) the apparent best-evaluated response.

TECHNICAL RESPONSE & EVALUATION GUIDE

SECTION D: ORAL PRESENTATION. The Respondent must address ALL Oral Presentation Items (below).

A Proposal Evaluation Team, made up of three or more State employees, will independently evaluate and score the presentation response to each item. Presenters should be individuals who the Proposer plans to include on the State's account should the Proposer win the contract. Each evaluator will use the following whole-number, raw point scale for scoring each item:

The Solicitation Coordinator will multiply the Item Score by the associated Evaluation Factor (indicating the relative emphasis of the item in the overall evaluation). The resulting product will be the item's raw, weighted score for purposes of calculating the section score as indicated.

The Contractor shall perform annual valuations in accordance with ASOPs for the State of Tennessee's OPEB — Health Plans that will ensure compliance with the requirements of the GASB Statement No. 75, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions or any applicable guidance or policies set by governing organizations* or any additional or replacement GASB Statements. The valuations shall include the detailed accounting entries and other information needed to prepare the note disclosures and RSI prescribed by the statement. The required accounting entries shall cover the activity of the measurement period as well as entries related to the period subsequent to the measurement date. The employer results shall be presented in separate reports that are addressed to the management of each participating entity identified by the State.

Further, each separate report shall contain appropriate certifications and be in a form as agreed to by the State and the Contractor. A database of the unamortized elements of the OPEB liability and expense calculation, by participating employer, shall be maintained by the Contractor. These requirements shall extend to any OPEB plan administered by the State,

whether explicitly listed in this document or implemented during the term of this contract. The State reserves the right to make changes to the structure of current OPEB plans. Changes to Plan structure shall not limit the Contractor responsibilities.

The Contractor shall provide reporting in accordance with the structure of the State's Plans described below. The State currently administers four separate self-insured health plans - three health plans, collectively known as the Plan, and a fourth plan, the Tennessee Plan (TN) which provides benefits for Medicare retirees over the age of 65. The following is a brief description of the four financially independent defined benefit OPEB plans administered by the State:

- (1) For GASB Statement 75 purposes, the State employee Group OPEB Plan is considered a single-employer defined benefit OPEB plan and is pre-funded through a qualifying OPEB trust where the employer contributions and retiree premium payments are deposited into a trust fund and Claims are paid directly from the trust. The trust will meet all criteria established in paragraph 4 of GASB Statement 75. Employer contributions, to the plan, will be based on an ADC rate. Approximately 65 employers are individually identified as participants in this plan.
- (2) For GASB Statement 75 purposes, the Local Education OPEB Plan is considered a multiple-employer defined benefit OPEB plan and is funded on a pay-as-you-go basis in that future Claims and administrative expenses are generally estimated based on past Claims and the resultant estimates are utilized to establish funding requirements, primarily monthly premiums. There are approximately 125 employers that participate in this plan. Typically, employers provide an implicit subsidy to the retirees through contributions towards the blended premium rate charged to active employees, however, some employers also provide explicit subsidies. This plan includes a special funding situation where the State is a governmental non-employer contributing entity for retired teacher premiums.
- (3) For GASB Statement 75 purposes, the Local Government Plan is considered a multiple-employer defined benefit OPEB plan and is funded on a pay-as-you-go basis in that future Claims and administrative expenses are generally estimated based on past Claims and the resultant estimates are utilized to establish funding requirements, primarily monthly premiums. There are approximately 359 local governments and quasi-governmental organizations that participate in this plan. Typically, employers provide an implicit subsidy to the retirees through contributions towards the blended premium rate charged to active employees, however, some employers also provide explicit subsidies.
- (4) For GASB 75 purposes, the Tennessee Plan is considered a multiple-employer defined benefit OPEB plan and is funded on a pay-as-you-go basis. This plan consists of retirees who are eligible (over the age of 65) for Medicare coverage and elect to participate in this supplemental plan. Many of the participating employers are also participants in one of the pre-65 OPEB plans mentioned above. Contributing employers provide an explicit subsidy primarily based on length of service. This plan includes a special funding situation where the State is a governmental non-employer contributing entity for retired teacher premiums.

Prior to commencement of detailed calculations and with prior approval In Writing by the State, the Contractor shall provide written documentation of the 1) recommended actuarial methods and assumptions and 2) age distribution and category to be used on each of the four valuations. The valuations under this section of this contract shall provide the actuarial valuations and other required reporting information as of and by the dates as listed in section A.8.g of this contract, for GASB 75 valuations. The Contractor shall

use the most recently completed valuation as its base for analysis and shall address any changes resulting from future GASB pronouncements.

- b. The Contractor shall perform an annual valuation in accordance with ASOPs for the State of Tennessee's trusted OPEB—Health Plan, as discussed in Section A.8.a.(1), that will ensure compliance with the requirements of the GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans or any applicable guidance or policies set by governing organizations* or any additional or replacement GASB Statements. The valuation shall include the information needed to prepare the note disclosures and RSI prescribed by the statement and shall be presented by each identified participating employer. This requirement extends to any other State administered OPEB Plan that the State decides to pre-fund, through a qualifying trust, over the life of this Contract.

Prior to commencement of detailed calculations, and with prior approval In Writing by the State, the Contractor shall provide written documentation of the recommended actuarial methods and assumptions to be used in the valuations. The recommended actuarial methods and assumptions are subject to approval by the State. The Contractor shall apply appropriate update procedures to roll the actuarial information forward from the actuarial dates to the reporting date. The Contractor shall use the most recently completed valuation as its base for analysis and shall address any changed resulting from future GASB pronouncements.

- c. The Contractor shall perform actuarial services in accordance with ASOPs to provide the State with an annual funding report that details an ADC rate for the State of Tennessee's trusted OPEB—Health Plan, as discussed in Section A.8.a.(1). This report will consider State funding goals and provide a three year projection of the ADC to be used for planning purposes. Results shall be presented by each identified participating employer, and in a format agreed upon by the State and the Contractor. This requirement extends to any other State administered OPEB Plan that the State decides to pre-fund, through a qualifying trust, over the life of this Contract.

Prior to commencement of detailed calculations, and with prior approval In Writing by the State, the Contractor shall provide written documentation of the recommended actuarial methods and assumptions to be used in the funding reports. The recommended actuarial methods and assumptions are subject to approval by the State. The funding reports under this section of this contract shall be provided by the dates as listed in section A.8.g of this contract, to be used for the Fiscal Year represented by the associated reporting date. The Contractor shall use the actuarial valuations as of the dates listed in section A.8.g, of this contract, as its base for this funding analysis and shall apply updated methods and assumptions to roll forward the ADC, as appropriate, to properly reflect the ADC of the reporting period.

If the Contractor intends to bill the State for any other advice or service requested by the State under this Contract Section A.8.d, the Contractor shall notify the State prior to providing such advice or service. The Contractor shall provide to the State a written statement

specifying the work to be performed, the name of each individual, the individual's job title, the number of hours required, the applicable hourly fee, the total compensation requested for each individual, and the total cost for providing the advice or service. Such statement shall be provided to the State as soon as possible after receiving approval In Writing from the State, but in no event more than ten (10) calendar days thereafter. The Contractor shall not provide such assistance or service until the statement specifying the work and the number of hours required and the cost is approved in Writing by the State.

- D.3. Modification and Amendment. This Contract may be modified only by a written amendment signed by all Parties and approved by all applicable State officials.
- D.4. Subject to Funds Availability. The Contract is subject to the appropriation and availability of State or federal funds. In the event that the funds are not appropriated or are otherwise unavailable, the State reserves the right to terminate this Contract upon written notice to the Contractor. The State's exercise of its right to terminate this Contract shall not constitute a breach of Contract by the State. Upon receipt of the written notice, the Contractor shall cease all work associated with the Contract. If the State terminates this Contract due to lack of funds availability, the Contractor shall be entitled to compensation for all conforming goods requested and accepted by the State and for all satisfactory and authorized services completed as of the termination date. Should the State exercise its right to terminate this Contract due to unavailability of funds, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages of any description or amount.
- D.5. Termination for Convenience. The State may terminate this Contract for convenience without cause and for any reason. The State shall give the Contractor at least thirty (30) days written notice before the termination date. The Contractor shall be entitled to compensation for all conforming goods delivered and accepted by the State or for satisfactory, authorized services completed as of the termination date. In no event shall the State be liable to the Contractor for compensation for any goods neither requested nor accepted by the State or for any services neither requested by the State nor satisfactorily performed by the Contractor. In no event shall the State's exercise of its right to terminate this Contract for convenience relieve the Contractor of any liability to the State for any damages or claims arising under this Contract.

- D.6. Termination for Cause. If the Contractor fails to properly perform its obligations under this Contract in a timely or proper manner, or if the Contractor materially violates any terms of this Contract ("Breach Condition"), the State shall have the right to immediately terminate the Contract and withhold payments in excess of compensation for completed services or provided goods. Notwithstanding the above, the Contractor shall not be relieved of liability to the State for damages sustained by virtue of any Breach Condition and the State may seek other remedies allowed at law or in equity for breach of this Contract.
- D.7. Assignment and Subcontracting. The Contractor shall not assign this Contract or enter into a subcontract for any of the goods or services provided under this Contract without the prior written approval of the State. Notwithstanding any use of the approved subcontractors, the Contractor shall be the prime contractor and responsible for compliance with all terms and conditions of this Contract. The State reserves the right to request additional information or impose additional terms and conditions before approving an assignment of this Contract in whole or in part or the use of subcontractors in fulfilling the Contractor's obligations under this Contract.
- D.8. Conflicts of Interest. The Contractor warrants that no part of the Contractor's compensation shall be paid directly or indirectly to an employee or official of the State of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Contractor in connection with any work contemplated or performed under this Contract.

The Contractor acknowledges, understands, and agrees that this Contract shall be null and void if the Contractor is, or within the past six (6) months has been, an employee of the State of Tennessee or if the Contractor is an entity in which a controlling interest is held by an individual who is, or within the past six (6) months has been, an employee of the State of Tennessee.

- D.9. Nondiscrimination. The Contractor hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract or in the employment practices of the Contractor on the grounds of handicap or disability, age, race, creed, color, religion, sex, national origin, or any other classification protected by federal or state law. The Contractor shall, upon request, show proof of nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.
- D.10. Prohibition of Illegal Immigrants. The requirements of Tenn. Code Ann. § 12-3-309 addressing the use of illegal immigrants in the performance of any contract to supply goods or services to the state of Tennessee, shall be a material provision of this Contract, a breach of which shall be grounds for monetary and other penalties, up to and including termination of this Contract.
- a. The Contractor agrees that the Contractor shall not knowingly utilize the services of an illegal immigrant in the performance of this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Contract. The Contractor shall reaffirm this attestation, in writing, by submitting to the State a completed and signed copy of the document at Attachment A, semi-annually during the Term. If the Contractor is a party to more than one contract with the State, the Contractor may submit one attestation that applies to all contracts with the State. All Contractor attestations shall be maintained by the Contractor and made available to State officials upon request.
 - b. Prior to the use of any subcontractor in the performance of this Contract, and semi-annually thereafter, during the Term, the Contractor shall obtain and retain a current, written attestation that the subcontractor shall not knowingly utilize the services of an illegal immigrant to perform work under this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant to perform work under this Contract. Attestations obtained from subcontractors shall be maintained by the Contractor and made available to State officials upon request.

- c. The Contractor shall maintain records for all personnel used in the performance of this Contract. Contractor's records shall be subject to review and random inspection at any reasonable time upon reasonable notice by the State.
 - d. The Contractor understands and agrees that failure to comply with this section will be subject to the sanctions of Tenn. Code Ann. § 12-3-309 for acts or omissions occurring after its effective date.
 - e. For purposes of this Contract, "illegal immigrant" shall be defined as any person who is not: (i) a United States citizen; (ii) a Lawful Permanent Resident; (iii) a person whose physical presence in the United States is authorized; (iv) allowed by the federal Department of Homeland Security and who, under federal immigration laws or regulations, is authorized to be employed in the U.S.; or (v) is otherwise authorized to provide services under the Contract.
- D.11. Records. The Contractor shall maintain documentation for all charges under this Contract. The books, records, and documents of the Contractor, for work performed or money received under this Contract, shall be maintained for a period of five (5) full years from the date of the final payment and shall be subject to audit at any reasonable time and upon reasonable notice by the State, the Comptroller of the Treasury, or their duly appointed representatives. The financial statements shall be prepared in accordance with generally accepted accounting principles.
- D.12. Monitoring. The Contractor's activities conducted and records maintained pursuant to this Contract shall be subject to monitoring and evaluation by the State, the Comptroller of the Treasury, or their duly appointed representatives.
- D.13. Progress Reports. The Contractor shall submit brief, periodic, progress reports to the State as requested.
- D.14. Strict Performance. Failure by any Party to this Contract to require, in any one or more cases, the strict performance of any of the terms, covenants, conditions, or provisions of this Contract shall not be construed as a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the Parties.
- D.15. Independent Contractor. The Parties shall not act as employees, partners, joint venturers, or associates of one another. The Parties are independent contracting entities. Nothing in this Contract shall be construed to create an employer/employee relationship or to allow either Party to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one Party are not employees or agents of the other Party.
- D.16. Patient Protection and Affordable Care Act. The Contractor agrees that it will be responsible for compliance with the Patient Protection and Affordable Care Act ("PPACA") with respect to itself and its employees, including any obligation to report health insurance coverage, provide health insurance coverage, or pay any financial assessment, tax, or penalty for not providing health insurance. The Contractor shall indemnify the State and hold it harmless from any costs to the State arising from Contractor's failure to fulfill its PPACA responsibilities for itself or its employees.
- D.17. Limitation of State's Liability. The State shall have no liability except as specifically provided in this Contract. In no event will the State be liable to the Contractor or any other party for any lost revenues, lost profits, loss of business, decrease in the value of any securities or cash position, time, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Contract or otherwise. The State's total liability under this Contract (including any exhibits, schedules, amendments or other attachments to the Contract) or otherwise shall under no circumstances exceed the Maximum Liability. This limitation of liability is cumulative and not per incident.

- D.18. Limitation of Contractor's Liability. In accordance with Tenn. Code Ann. § 12-3-701, the Contractor's liability for all claims arising under this Contract shall be limited to an amount equal to two (2) times the Maximum Liability amount detailed in Section C.1. and as may be amended, PROVIDED THAT in no event shall this Section limit the liability of the Contractor for: (i) intellectual property or any Contractor indemnity obligations for infringement for third-party intellectual property rights; (ii) any claims covered by any specific provision in the Contract providing for liquidated damages; or (iii) any claims for intentional torts, criminal acts, fraudulent conduct, or acts or omissions that result in personal injuries or death. For clarity, except as otherwise expressly set forth in this Section, Contractor's indemnification obligations and other remedies available under this Contract are subject to the limitations on liability set forth in this Section.
- D.19. Hold Harmless. The Contractor agrees to indemnify and hold harmless the State of Tennessee as well as its officers, agents, and employees from and against any and all claims, liabilities, losses, and causes of action which may arise, accrue, or result to any person, firm, corporation, or other entity which may be injured or damaged as a result of acts, omissions, or negligence on the part of the Contractor, its employees, or any person acting for or on its or their behalf relating to this Contract. The Contractor further agrees it shall be liable for the reasonable cost of attorneys' fees, court costs, expert witness fees, and other litigation expenses for the State to enforce the terms of this Contract.

In the event of any suit or claim, the Parties shall give each other immediate notice and provide all necessary assistance to respond. The failure of the State to give notice shall only relieve the Contractor of its obligations under this Section to the extent that the Contractor can demonstrate actual prejudice arising from the failure to give notice. This Section shall not grant the Contractor, through its attorneys, the right to represent the State in any legal matter, as the right to represent the State is governed by Tenn. Code Ann. § 8-6-106.

- D.20. HIPAA Compliance. The State and Contractor shall comply with obligations under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), Health Information Technology for Economic and Clinical Health ("HITECH") Act and any other relevant laws and regulations regarding privacy (collectively the "Privacy Rules"). The obligations set forth in this Section shall survive the termination of this Contract.
- a. Contractor warrants to the State that it is familiar with the requirements of the Privacy Rules, and will comply with all applicable requirements in the course of this Contract.
 - b. Contractor warrants that it will cooperate with the State, including cooperation and coordination with State privacy officials and other compliance officers required by the Privacy Rules, in the course of performance of the Contract so that both parties will be in compliance with the Privacy Rules.
 - c. The State and the Contractor will sign documents, including but not limited to business associate agreements, as required by the Privacy Rules and that are reasonably necessary to keep the State and Contractor in compliance with the Privacy Rules. This provision shall not apply if information received or delivered by the parties under this Contract is NOT "protected health information" as defined by the Privacy Rules, or if the Privacy Rules permit the parties to receive or deliver the information without entering into a business associate agreement or signing another document.
 - g. The Contractor will indemnify the State and hold it harmless for any violation by the Contractor or its subcontractors of the Privacy Rules. This includes the costs of responding to a breach of protected health information, the costs of responding to a government enforcement action related to the breach, and any fines, penalties, or damages paid by the State because of the violation.
 - h. The Contractor shall not sell Public Sector Plan Member information or use Member information unless it is aggregated blinded data, which is not identifiable on a Member

basis. The State must approve, In Writing, the use of and sale of any of our Member or Plan data, even if being used in an aggregated, blinded data format.

- i. The Contractor shall not use Plan Member identified or non-aggregated information for advertising, marketing, promotion or any activity intended to influence sales or market share of any product or service except when permitted by the State, such as advertisements of the Program for enrollment purposes.
 - j. The Contractor shall have full financial responsibility for any penalties, fines, or other payments imposed or required as a result of the Contractor's non-compliance with or violation of HIPAA or HITECH requirements, and the Contractor shall indemnify the State with respect to any such penalties, fines, or payments, including the cost of credit protection. At the request of the State, the Contractor shall offer credit protection for those times in which a Member's PHI is accidentally or inappropriately disclosed.
- D.21. Tennessee Consolidated Retirement System. Subject to statutory exceptions contained in Tenn. Code Ann. §§ 8-36-801, *et seq.*, the law governing the Tennessee Consolidated Retirement System ("TCRS"), provides that if a retired member of TCRS, or of any superseded system administered by TCRS, or of any local retirement fund established under Tenn. Code Ann. §§ 8-35-101, *et seq.*, accepts State employment, the member's retirement allowance is suspended during the period of the employment. Accordingly and notwithstanding any provision of this Contract to the contrary, the Contractor agrees that if it is later determined that the true nature of the working relationship between the Contractor and the State under this Contract is that of "employee/employer" and not that of an independent contractor, the Contractor, if a retired member of TCRS, may be required to repay to TCRS the amount of retirement benefits the Contractor received from TCRS during the Term.
- D.22. Tennessee Department of Revenue Registration. The Contractor shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 – 608. Compliance with applicable registration requirements is a material requirement of this Contract.
- D.23. Debarment and Suspension. The Contractor certifies, to the best of its knowledge and belief, that it, its current and future principals, its current and future subcontractors and their principals:
- a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or agency;
 - b. have not within a three (3) year period preceding this Contract been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;
 - c. are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in section b. of this certification; and
 - d. have not within a three (3) year period preceding this Contract had one or more public transactions (federal, state, or local) terminated for cause or default.

The Contractor shall provide immediate written notice to the State if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its principals or the principals of its subcontractors are excluded, disqualified, or presently fall under any of the prohibitions of sections a-d.

- D.24. Force Majeure. "Force Majeure Event" means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar

cause beyond the reasonable control of the Party except to the extent that the non-performing Party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing Party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either Party from its obligations under this Contract. Except as set forth in this Section, any failure or delay by a Party in the performance of its obligations under this Contract arising from a Force Majeure Event is not a default under this Contract or grounds for termination. The non-performing Party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the Party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Contractor's representatives, suppliers, subcontractors, customers or business apart from this Contract is not a Force Majeure Event under this Contract. Contractor will promptly notify the State of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the State within one (1) day of the inception of the delay) that a Force Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Contractor's performance longer than forty-eight (48) hours, the State may, upon notice to Contractor: (a) cease payment of the fees for the affected obligations until Contractor resumes performance of the affected obligations; or (b) immediately terminate this Contract or any purchase order, in whole or in part, without further payment except for fees then due and payable. Contractor will not increase its charges under this Contract or charge the State any fees other than those provided for in this Contract as the result of a Force Majeure Event.

- D.25. State and Federal Compliance. The Contractor shall comply with all State and federal laws and regulations applicable to Contractor in the Contractor's performance of this Contract.
- D.26. Governing Law. This Contract shall be governed by and construed in accordance with the laws of the State of Tennessee, without regard to its conflict or choice of law rules. The Tennessee Claims Commission or the state or federal courts in Tennessee shall be the venue for all claims, disputes, or disagreements arising under this Contract. The Contractor acknowledges and agrees that any rights, claims, or remedies against the State of Tennessee or its employees arising under this Contract shall be subject to and limited to those rights and remedies available under Tenn. Code Ann. §§ 9-8-101 - 408.
- D.27. Entire Agreement. This Contract is complete and contains the entire understanding between the Parties relating to its subject matter, including all the terms and conditions of the Parties' agreement. This Contract supersedes any and all prior understandings, representations, negotiations, and agreements between the Parties, whether written or oral.
- D.28. Severability. If any terms and conditions of this Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions of this Contract shall not be affected and shall remain in full force and effect. The terms and conditions of this Contract are severable.
- D.29. Headings. Section headings of this Contract are for reference purposes only and shall not be construed as part of this Contract.
- D.30. Incorporation of Additional Documents. Each of the following documents is included as a part of this Contract by reference. In the event of a discrepancy or ambiguity regarding the Contractor's duties, responsibilities, and performance under this Contract, these items shall govern in order of precedence below:
- e. any amendment to this Contract, with the latter in time controlling over any earlier amendments;
 - f. this Contract with any attachments or exhibits (excluding the items listed at subsections c. through f., below), which includes:
 - (4) Contract Attachment A Attestation;
 - (5) Contract Attachment B Liquidated Damages; and
 - (6) Contract Attachment C HIPAA Business Associate Agreement;
 - g. any clarifications of or addenda to the Contractor's proposal seeking this Contract;
 - h. the State solicitation, as may be amended, requesting responses in competition for this Contract;

- i. any technical specifications provided to proposers during the procurement process to award this Contract;
 - j. the Contractor's response seeking this Contract; and
 - k. any Contractor rules or policies contained in insurance policy filings by the Contractor with State regulators.
- D.31. Iran Divestment Act. The requirements of Tenn. Code Ann. § 12-12-101, *et seq.*, addressing contracting with persons as defined at Tenn. Code Ann. §12-12-103(5) that engage in investment activities in Iran, shall be a material provision of this Contract. The Contractor certifies, under penalty of perjury, that to the best of its knowledge and belief that it is not on the list created pursuant to Tenn. Code Ann. § 12-12-106.
- D.32. Insurance. Contractor shall maintain insurance coverage as specified in this Section. The State reserves the right to amend or require additional insurance coverage, coverage amounts, and endorsements required under this Contract. Contractor's failure to maintain or submit evidence of insurance coverage, as required, is a material breach of this Contract. If Contractor loses insurance coverage, fails to renew coverage, or for any reason becomes uninsured during the Term, Contractor shall immediately notify the State. All insurance companies providing coverage must be: (a) acceptable to the State; (b) authorized by the Tennessee Department of Commerce and Insurance ("TDCI"); and (c) rated A- / VII or better by A.M. Best. All coverage must be on a primary basis and noncontributory with any other insurance or self-insurance carried by the State. Contractor agrees to name the State as an additional insured on any insurance policy with the exception of workers' compensation (employer liability) and professional liability (errors and omissions) insurance. All policies must contain an endorsement for a waiver of subrogation in favor of the State. Any deductible or self insured retention ("SIR") over fifty thousand dollars (\$50,000) must be approved by the State. The deductible or SIR and any premiums are the Contractor's sole responsibility. The Contractor agrees that the insurance requirements specified in this Section do not reduce any liability the Contractor has assumed under this Contract including any indemnification or hold harmless requirements.

To achieve the required coverage amounts, a combination of an otherwise deficient specific policy and an umbrella policy with an aggregate meeting or exceeding the required coverage amounts is acceptable. For example: If the required policy limit under this Contract is for two million dollars (\$2,000,000) in coverage, acceptable coverage would include a specific policy covering one million dollars (\$1,000,000) combined with an umbrella policy for an additional one million dollars (\$1,000,000). If the deficient underlying policy is for a coverage area without aggregate limits (generally Automobile Liability and Employers' Liability Accident), Contractor shall provide a copy of the umbrella insurance policy documents to ensure that no aggregate limit applies to the umbrella policy for that coverage area. In the event that an umbrella policy is being provided to achieve any required coverage amounts, the umbrella policy shall be accompanied by an endorsement at least as broad as the Insurance Services Office, Inc. (also known as "ISO") "Noncontributory—Other Insurance Condition" endorsement or shall be written on a policy form that addresses both the primary and noncontributory basis of the umbrella policy if the State is otherwise named as an additional insured.

Contractor shall provide the State a certificate of insurance ("COI") evidencing the coverages and amounts specified in this Section. The COI must be on a form approved by the TDCI (standard ACORD form preferred). The COI must list each insurer's National Association of Insurance Commissioners (NAIC) number and be signed by an authorized representative of the insurer. The COI must list the State of Tennessee – CPO Risk Manager, 312 Rosa L. Parks Ave., 3rd floor Central Procurement Office, Nashville, TN 37243 as the certificate holder. Contractor shall provide the COI ten (10) Business Days prior to the Effective Date and again thirty (30) calendar days before renewal or replacement of coverage. Contractor shall provide the State evidence that all subcontractors maintain the required insurance or that subcontractors are included under the Contractor's policy. At any time, the State may require Contractor to provide a valid COI. The Parties agree that failure to provide evidence of insurance coverage as required is a material breach of this Contract. If Contractor self-insures, then a COI will not be required to prove coverage. Instead Contractor shall provide a certificate of self-insurance or a letter, on Contractor's letterhead, detailing its coverage, policy amounts, and proof of funds to reasonably

cover such expenses. The State reserves the right to require complete copies of all required insurance policies, including endorsements required by these specifications, at any time.

The State agrees that it shall give written notice to the Contractor as soon as practicable after the State becomes aware of any claim asserted or made against the State, but in no event later than thirty (30) calendar days after the State becomes aware of such claim. The failure of the State to give notice shall only relieve the Contractor of its obligations under this Section to the extent that the Contractor can demonstrate actual prejudice arising from the failure to give notice. This Section shall not grant the Contractor or its insurer, through its attorneys, the right to represent the State in any legal matter, as the right to represent the State is governed by Tenn. Code Ann. § 8-6-106.

The insurance obligations under this Contract shall be: (1)—all the insurance coverage and policy limits carried by the Contractor; or (2)—the minimum insurance coverage requirements and policy limits shown in this Contract; whichever is greater. Any insurance proceeds in excess of or broader than the minimum required coverage and minimum required policy limits, which are applicable to a given loss, shall be available to the State. No representation is made that the minimum insurance requirements of the Contract are sufficient to cover the obligations of the Contractor arising under this Contract. The Contractor shall obtain and maintain, at a minimum, the following insurance coverages and policy limits.

k. Commercial General Liability (“CGL”) Insurance

- 1) The Contractor shall maintain CGL, which shall be written on an ISO Form CG 00 01 occurrence form (or a substitute form providing equivalent coverage) and shall cover liability arising from property damage, premises and operations products and completed operations, bodily injury, personal and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract).

The Contractor shall maintain single limits not less than one million dollars (\$1,000,000) per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this policy or location of occurrence or the general aggregate limit shall be twice the required occurrence limit.

l. Workers’ Compensation and Employer Liability Insurance

- 1) For Contractors statutorily required to carry workers’ compensation and employer liability insurance, the Contractor shall maintain:
 - i. Workers’ compensation in an amount not less than one million dollars (\$1,000,000) including employer liability of one million dollars (\$1,000,000) per accident for bodily injury by accident, one million dollars (\$1,000,000) policy limit by disease, and one million dollars (\$1,000,000) per employee for bodily injury by disease.
- 2) If the Contractor certifies that it is exempt from the requirements of Tenn. Code Ann. §§ 50-6-101 – 103, then the Contractor shall furnish written proof of such exemption for one or more of the following reasons:
 - i. The Contractor employs fewer than five (5) employees;
 - ii. The Contractor is a sole proprietor;
 - iii. The Contractor is in the construction business or trades with no employees;

- iv. The Contractor is in the coal mining industry with no employees;
- v. The Contractor is a state or local government; or
- vi. The Contractor self-insures its workers' compensation and is in compliance with the TDCI rules and Tenn. Code Ann. § 50-6-405.

m. Professional Liability Insurance

19) Professional liability insurance shall be written on an occurrence basis or on a claims-made basis. If this coverage is written on a claims-made basis, then:

- vii. The retroactive date must be shown, and must be on or before the earlier of the Effective Date of the Contract or the beginning of Contract work or provision of goods and services;
- viii. Insurance must be maintained and evidence of insurance must be provided for at least five (5) full years from the date of the final Contract payment; and
- ix. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date on or prior to the Contract Effective Date, the Contractor must purchase "extended reporting" or "tail coverage" for a minimum of five (5) full years from the date of the final Contract payment.

20) Any professional liability insurance policy shall have a limit not less than one million dollars (\$1,000,000) per claim and two million dollars (\$2,000,000) in the aggregate; and

21) If the Contract involves the provision of services by medical professionals, a policy limit not less than three million (\$3,000,000) per claim and three million dollars (\$3,000,000) in the aggregate for medical malpractice insurance.

e. Technology Professional Liability (Errors & Omissions)/Cyber Liability Insurance

- 1) The Contractor shall maintain technology professional liability (errors & omissions)/cyber liability insurance appropriate to the Contractor's profession in an amount not less than ten million dollars (\$10,000,000) per occurrence or claim and ten million dollars (\$10,000,000) annual aggregate, covering all acts, claims, errors, omissions, negligence, infringement of intellectual property (including copyright, patent and trade secret); network security and privacy risks, including but not limited to unauthorized access, failure of security, information theft, damage to destruction of or alteration of electronic information, breach of privacy perils, wrongful disclosure and release of private information, collection, or other negligence in the handling of confidential information, and including coverage for related regulatory fines, defenses, and penalties.
- 2) Such coverage shall include data breach response expenses, in an amount not less than ten million dollars (\$10,000,000) and payable whether incurred by the State or Contractor, including but not limited to consumer notification, whether or not required by law, computer forensic investigations, public relations and crisis management firm fees, credit file or identity monitoring or remediation services and expenses in the performance of services for the State or on behalf of the State hereunder.

f. Crime Insurance

- 1) The Contractor shall maintain crime insurance, which shall be written on a "loss sustained form" or "loss discovered form" providing coverage for third party fidelity, including cyber theft and extortion. The policy must

allow for reporting of circumstances or incidents that may give rise to future claims, include an extended reporting period of no less than two (2) years with respect to events which occurred but were not reported during the term of the policy, and not contain a condition requiring an arrest or conviction.

Any crime insurance policy shall have a limit not less than **one million dollars (\$1,000,000)** per claim and **one million dollars (\$1,000,000)** in the aggregate. Any crime insurance policy shall contain a Social Engineering Fraud Endorsement with a limit of not less than **two hundred and fifty thousand dollars (\$250,000)**. This insurance may be written on a claims-made basis, but in the event that coverage is cancelled or non-renewed, the Contractor shall purchase an extended reporting or “tail coverage” of at least two (2) years after the Term.

- D.33. Major Procurement Contract Sales and Use Tax. Pursuant to Tenn. Code Ann. § 4-39-102 and to the extent applicable, the Contractor and the Contractor’s subcontractors shall remit sales and use taxes on the sales of goods or services that are made by the Contractor or the Contractor’s subcontractors and that are subject to tax.
- D.34. Confidentiality of Records. Strict standards of confidentiality of records and information shall be maintained in accordance with applicable state and federal law. All material and information, regardless of form, medium or method of communication, provided to the Contractor by the State or acquired by the Contractor on behalf of the State that is regarded as confidential under state or federal law shall be regarded as “Confidential Information.” Nothing in this Section shall permit Contractor to disclose any Confidential Information, regardless of whether it has been disclosed or made available to the Contractor due to intentional or negligent actions or inactions of agents of the State or third parties. Confidential Information shall not be disclosed except as required or permitted under state or federal law. Contractor shall take all necessary steps to safeguard the confidentiality of such material or information in conformance with applicable state and federal law.

The obligations set forth in this Section shall survive the termination of this Contract.

E. SPECIAL TERMS AND CONDITIONS:

- E.1. Conflicting Terms and Conditions. Should any of these special terms and conditions conflict with any other terms and conditions of this Contract, the special terms and conditions shall be subordinate to the Contract’s other terms and conditions.
- E.2. Additional lines, items, or options. At its sole discretion, the State may make written requests to the Contractor to add lines, items, or options that are needed and within the Scope but were not included in the original Contract. Such lines, items, or options will be added to the Contract through a Memorandum of Understanding (“MOU”), not an amendment.
- a. After the Contractor receives a written request to add lines, items, or options, the Contractor shall have ten (10) Business Days to respond with a written proposal. The Contractor’s written proposal shall include:
 - (1) The effect, if any, of adding the lines, items, or options on the other goods or services required under the Contract;
 - (2) Any pricing related to the new lines, items, or options;
 - (3) The expected effective date for the availability of the new lines, items, or options; and
 - (4) Any additional information requested by the State.
 - b. The State may negotiate the terms of the Contractor’s proposal by requesting revisions to the proposal.

- c. To indicate acceptance of a proposal, the State will sign it. The signed proposal shall constitute a MOU between the Parties, and the lines, items, or options shall be incorporated into the Contract as if set forth verbatim.

If the Contractor fails to perform in accordance with any term or provision of this contract, only provides partial performance of any term or provision of the Contract, violates any warranty, or any act prohibited or restricted by the Contract occurs, ("Liquidated Damages Event"), the State may assess damages on Contractor ("Liquidated Damages"). The State shall notify the Contractor of amounts to be assessed as Liquidated Damages. The Parties agree that due to the complicated nature of the Contractor's obligations under this Contract it would be difficult to specifically designate a monetary amount for Contractor's failure to fulfill its obligations regarding the Liquidated Damages Event as these amounts are likely to be uncertain and not easily proven. Contractor has carefully reviewed the Liquidated Damages contained in Attachment B and agrees that these amounts represent a reasonable relationship between the amount and what might reasonably be expected in the event of a Liquidated Damages Event, and are a reasonable estimate of the damages that would occur from a Liquidated Damages Event. The Parties agree that the Liquidated Damages represent solely the damages and injuries sustained by the State in losing the benefit of the bargain with Contractor and do not include any injury or damage sustained by a third party. The Contractor agrees that the Liquidated Damages are in addition to any amounts Contractor may owe the State pursuant to the indemnity provision or any other sections of this Contract.

The State is not obligated to assess Liquidated Damages before availing itself of any other remedy. The State may choose to discontinue Liquidated Damages and avail itself of any other remedy available under this Contract or at law or equity.

- E.6. Personally Identifiable Information. While performing its obligations under this Contract, Contractor may have access to Personally Identifiable Information held by the State ("PII"). For the purposes of this Contract, "PII" includes "Nonpublic Personal Information" as that term is defined in Title V of the Gramm-Leach-Bliley Act of 1999 or any successor federal statute, and the rules and regulations thereunder, all as may be amended or supplemented from time to time ("GLBA") and personally identifiable information and other data protected under any other applicable laws, rule or regulation of any jurisdiction relating to disclosure or use of personal information ("Privacy Laws"). Contractor agrees it shall not do or omit to do anything which would cause the State to be in breach of any Privacy Laws. Contractor shall, and shall cause its employees, agents and representatives to: (i) keep PII confidential and may use and disclose PII only as necessary to carry out those specific aspects of the purpose for which the PII was disclosed to Contractor and in accordance with this Contract, GLBA and Privacy Laws; and (ii) implement and maintain appropriate technical and organizational measures regarding information security to: (A) ensure the security and confidentiality of PII; (B) protect against any threats or

hazards to the security or integrity of PII; and (C) prevent unauthorized access to or use of PII. Contractor shall immediately notify State: (1) of any disclosure or use of any PII by Contractor or any of its employees, agents and representatives in breach of this Contract; and (2) of any disclosure of any PII to Contractor or its employees, agents and representatives where the purpose of such disclosure is not known to Contractor or its employees, agents and representatives. The State reserves the right to review Contractor's policies and procedures used to maintain the security and confidentiality of PII and Contractor shall, and cause its employees, agents and representatives to, comply with all reasonable requests or directions from the State to enable the State to verify or ensure that Contractor is in full compliance with its obligations under this Contract in relation to PII. In accordance with the timeframe for audits listed in Contract Section D.11 and in consultation with the State, Contractor shall immediately return to the State any and all PII which it has received under this Contract and shall destroy all records of such PII.

The Contractor shall report to the State any instances of unauthorized access to or potential disclosure of PII in the custody or control of Contractor ("Unauthorized Disclosure") that come to the Contractor's attention. Any such report shall be made by the Contractor within twenty-four (24) hours after the Unauthorized Disclosure has come to the attention of the Contractor. Contractor shall take all necessary measures to halt any further Unauthorized Disclosures. The Contractor, at the sole discretion of the State, shall provide no cost credit monitoring services for individuals whose PII was affected by the Unauthorized Disclosure. The Contractor shall bear the cost of notification to all individuals affected by the Unauthorized Disclosure, including individual letters and public notice. The remedies set forth in this Section are not exclusive and are in addition to any claims or remedies available to this State under this Contract or otherwise available at law.
